

# Week 8

Frontrunn3rs – <http://fr3.frontrunners.dk>

**Lilian:** Hello! Welcome to our 8th week, this week was very special week because the WFD and WFDYS board had their meetings here. We spend our time with them for the whole week.

## Day 1

This morning the WFD board meeting started and they focused on their work for the next four years from 2007 to 2011. We the Frontrunners observed their meeting from sitting behind the board members.

In the evening we spend some time with the WFD and the WFDYS over coffee.

## Day 2

In the morning, there was another meeting the same as yesterday where the Frontrunners sat behind the board members and watched their meetings.

At 7pm in the evening, we had group discussion with both board members of WFD and WFDYS, asked many questions to the WFD/YS. After all of the questions being answered and discussed then the Frontrunners showed three our project films that we had made in FR3. These three films were of different topics that are "Deathhood (Deaf Awareness)", "Linguicide" and "Proud to have Deaf World". We all watched these films and thoroughly enjoyed them.

## Day 3

Same again as yesterday in the morning, the Frontrunners observed the meetings. In the afternoon the Frontrunn3rs split up to watch the two meetings of WFD and WFDYS. In the evening, we the Frontrunn3rs gave a short presentation regarding to our three projects that were delegated by Colin Allen a week before. The WFD board were pleased and positive of these three projects and approved to work in partnership with the FR3. All of the WFDYS board members gave a presentation to the Frontrunne3rs about the WFDYS; we all found it interesting about the WFDYS' aims and its work.

## Day 4

Everybody from Frontrunn3rs, WFD and WFDYS boarded onto the coach in the morning for Copenhagen, but on the way we stopped at Fredericia where the WFD and WFDYS visited Elderly people home. The FR3 looked around the Fredericia town centre. Everyone hopped into the coach for our final destination which is Copenhagen.

In the evening, we all got together and wandered around Christiania, this area is separated from the government. This is because the Christiania has more freedom with using cannabis and pot. We were prohibited from taking any photographs within the Christiania walls, gutted though.

## Day 5

We all went to the 100 years anniversary festival for DNR, where they gave presentation on several different topics-political, historical, educations.

There was a special party/gala in the evening, only two of the FR3 went, but the rest of the FR3 went out to a restaurant and looked around the centre of Copenhagen.

## **Day 6**

All day we all looked around Copenhagen, taking a lot of photographs then in the evening there was a Halloween party at Copenhagen Sign Language Club, we all joined the party with other Deaf people, we partied all night until it was time to leave at midnight (00.00).

## **Day 7**

It was at 2am in the early morning where we finally caught the train back to Castberggaard (CBG), every single one of us were absolutely exhausted. When we finally arrived our home, CBG, we sprinted for our lovely warm beds and slept all day. Some of us woken up during the day and made the most of the day to relax.
